

Statistical information summary of Geographical Information System for industrial parks

1. GENERAL INFORMATION

There are **179** operating and designed industrial parks in the Russian Federation.

Dynamics of the number of industrial parks, units

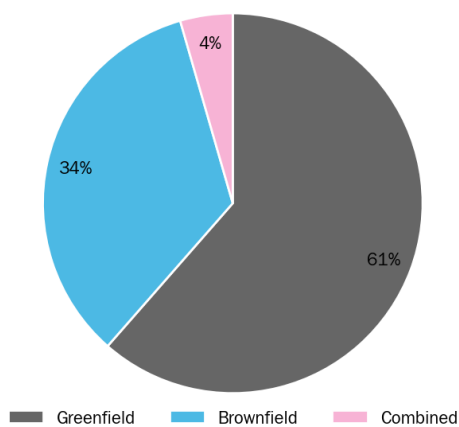

Category	2015	2016	2017
Industrial Parks, including:	128	152	179
Operating	80	95	121
Designed	48	57	58

In addition, it is planned to create **47** industrial parks.

Among the operating and designed parks 41% are state projects, 58% are private projects and 1% have mixed ownership.

Form of ownership and type of park, units

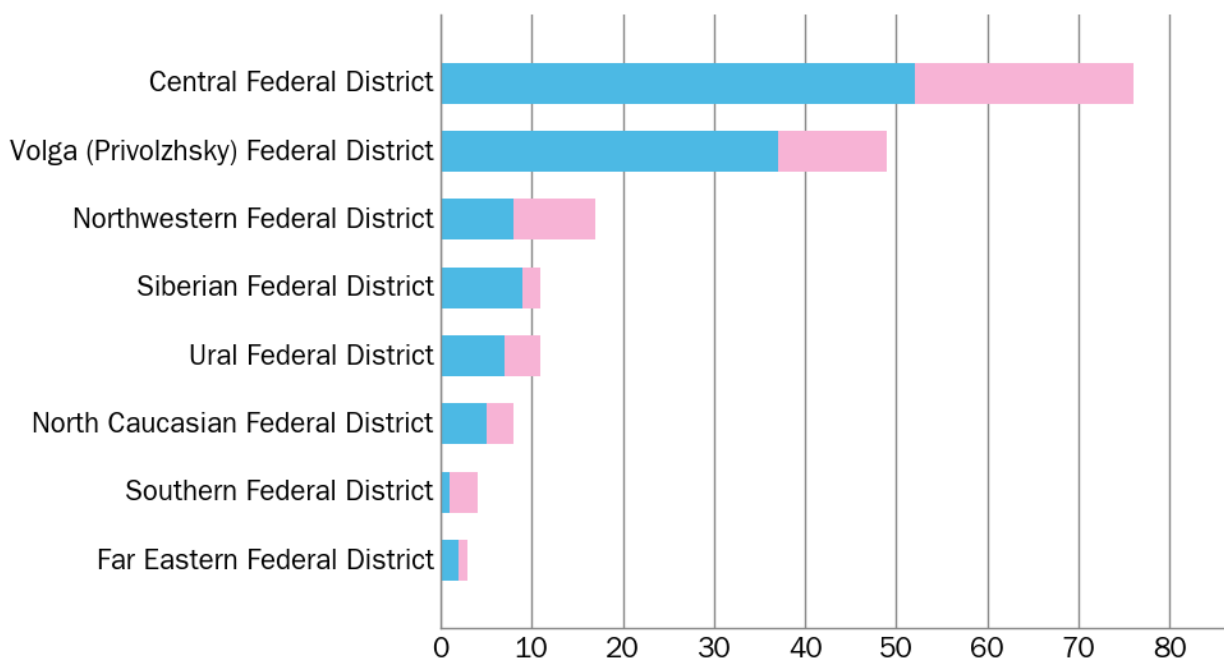

Category	Brownfield	Greenfield	Combined
Industrial Parks, including	61	110	8
State ownership	8	66	0
Private ownership	52	44	8

More than half of all the industrial parks are located in the following federal districts:

Central Federal District (76), Volga (Privolzhsky) Federal District (49)

Geographical diversity of parks, units:

Category	Operating	Under designing
Industrial Parks, including	121	58
Central Federal District	52	24
Volga (Privolzhsky) Federal District	37	12
Northwestern Federal District	8	9
Siberian Federal District	9	2
Ural Federal District	7	4
North Caucasian Federal District	5	3
Southern Federal District	1	3
Far Eastern Federal District	2	1

The leaders with regard to the number of operating and designed parks are: Moscow region (35), Republic of Tatarstan (19), Kaluga region (10), Leningrad region (7), Republic of Bashkortostan (6), Vladimir region (5), Sverdlovsk region (5), Ulyanovsk region (5), Lipetsk region (4), Tver region (4), Novosibirsk region (4), Penza region (4), Samara region (4), Stavropol Krai (4). **Average value for the subjects of the Russian Federation having operating and designed parks - 4 (51*).**

2. INFRASTRUCTURE

Total area of operating and designed industrial parks amounts to 46 372.04 hectares

Area allocation in the operating and designed parks:

Category	Value, hectares	Average value for category, hectares/park	Average filling percentage, %	
			operating parks	designed parks
Industrial Parks, including:	46 372.04	260.52	54.84 (115**)	48.29 (55**)
state ownership	27 124.29	371.57	59.58 (37**)	14.16 (36**)
private ownership	19 188.25	184.50	48.22 (77**)	51.41 (19**)
mixed ownership	59.50	59.50	44.05 (1**)	0.00 (0**)

Within the territory of operating and designed parks 617.92 thousand m² (55) of office real property and 6 502.27 thousand m² (60**) of production premises provided with necessary infrastructure have been constructed.**

Infrastructure for manufacturing activities:

Category	Number of parks, units	Share in the category, %
Industrial Parks, including:	178	100
Electricity supply	170	95.51
Gas supply	152	85.39
Heating supply	98	55.06
Water supply availability	164	92.13
sewerage and treatment facilities	132	74.16
communications channels	152	85.39
Human resources availability	167	93.82

The area of the production facilities, available for the residents' location amounts to 4 084.81 thousand m² (62.82%) (87**).

Share of state financing for creation of industrial parks infrastructure amounts to 30.72% (64).**

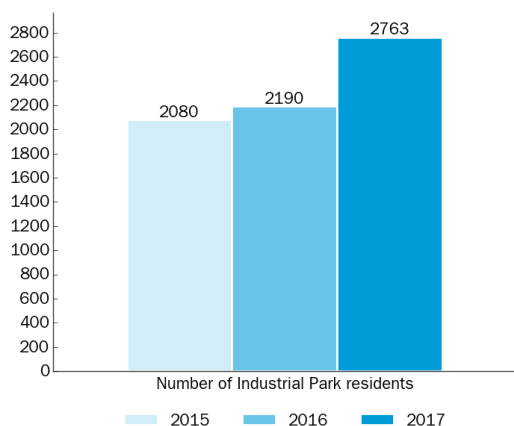

Cumulative volume of investments in the park infrastructure, million rubles:

Category	2016	Share in the category, %	Total cumulative 2014-2016	Share in the category, %
Industrial Parks, including:	48 241.60 (46**)	100	145 200.29 (119**)	100
private investments	39 194.88 (34**)	81.25	100 596.86 (76**)	69.28
state investments	9 046.72 (20**)	18.75	44 603.42 (64**)	30.72

3. FINANCIAL AND ECONOMIC INDICATORS

Residents registered in the operating and designed parks in 2017 - 2 763 (162).**

Dynamics for number of residents, units:

Category	2015	2016	2017
Residents of industrial parks, including:			
Foreign companies-residents	264 (54**)	267 (54**)	283 (62**)

In 2017 the number of residents who commenced production in industrial parks, amounted to *1 552* units (118**).

Total number of created jobs in operating and designed industrial parks amounted to *161.63* thousand units (133**).

Total investments contributed by residents in operating and designed industrial parks cumulatively (2014-2016) as of 1st January, 2017 amounted to *1 153 326.11* million rubles. (87**). Including in 2016 *391 704.97* million rubles (38**).

Total volume of products manufactured by residents of operating and designed park in 2016 amounted to *472 844.57* million rubles (31), and the amount of tax revenue - *44 616.34* million rubles (32**).**

Contribution of park residents to the manufacturing industry of the Russian Federation in 2016 amounted to *1.25%* (18**) (average value for the subjects of the Russian Federation having operating and designed parks, amounted to *8.33%* (12*)).

Total number of operating and designed parks - participants of support programs in 2017 amounted to *91* units.

Number of parks-participants of state programs, units:

Category	Value	Share in the category, %
Industrial Parks, including:	91	100
Participants of federal state programs	65	71.43
Participants of regional state programs	82	90.11
Status of regional level SEZ assigned	6	6.59

* — number of subjects for which the indicator has been calculated.

** — number of parks for which the indicator has been calculated.

This information is provided in the Geographical Information System of Industrial parks, science parks and clusters
