

Overall statistics technoparks

1. GENERAL INFORMATION

There are **62** operating and designed science parks in the Russian Federation.

It is planned to create *1* science parks.

Among the operating and designed parks *35%* are state projects, *50%* are private projects and *15%* have mixed ownership.

Form of ownership and type of park, units

Category	2017
Science Parks, including:	62
state ownership	22
private ownership	31
mixed ownership	9

More than half of all the science parks are located in the following federal districts:

Central Federal District (*35*), Volga (Privolzhsky) Federal District (*11*), Ural Federal District (*8*)

Geographical diversity of parks, units

Category	Operating	Under designing
Science Parks, including:	49	13

Category	Operating	Under designing
Central Federal District	28	7
Volga (Privolzhsky) Federal District	11	0
Ural Federal District	7	1
Siberian Federal District	2	0
Northwestern Federal District	1	2
Far Eastern Federal District	0	2
Southern Federal District	0	1
North Caucasian Federal District	0	0

The leaders with regard to the number of operating and designed parks are: Moscow region (15), Moscow (13), Sverdlovsk region (5), Republic of Tatarstan (4), Voronezh region (3), **Average value for the subjects of the Russian Federation having operating and designed parks - 3 (24*)**.

2. INFRASTRUCTURE

Total area of operating and designed science parks amounts to 1 057.63 hectares.

Area allocation in the operating and designed parks

Category	Value, hectares	Average value for category, hectares/park	Average filling percentage, %	
			operating parks	designed parks
Science Parks, including:	1 057.63	17.06	61.06 (37**)	58.58 (11**)
state ownership	330.64	15.03	52.96 (13**)	45.80 (2**)
private ownership	613.34	19.79	58.84 (17**)	57.75 (8**)
mixed ownership	113.65	12.63	81.52 (7**)	90.84 (1**)

1 585.43 thousand square meters (60) of premises intended to accommodate residents have been built within the territory of operating and designed parks.**

Infrastructure for manufacturing activities

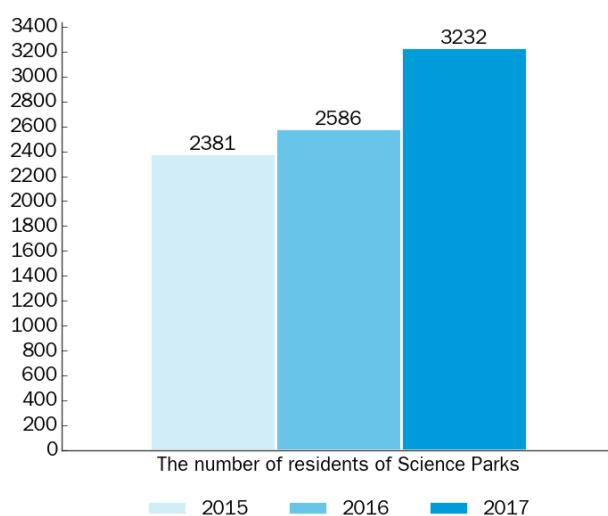

Category	Number of parks, units	Share in the category, %
Science Parks, including:	62	100
Electricity supply	61	98
Gas supply	31	50
Heating supply	61	98
Water supply availability	61	98
Availability of sewage and treatment facilities	22	35

Available area of the office premises to be occupied by the residents, amounts to 242.74 thousand sq.m (15.31%) (50**).

3. OPERATING RESULTS

Residents registered in the operating and designed parks in 2017 - 3232 (56**).

Dynamics for number of residents, units

Category	2015	2016	2017
Residents of Science Parks, including:	2381	2586	3232 (56**)
Foreign companies-residents	4	5	7 (4**)

Average number employed at residents' facilities in operating and created science parks amounted to 28.72 thousand people. (54**).

Total number of operating and designed Science Parks - participants of support programs in 2017 amounted to 30 units.

Number of parks-participants of state programs, units

Category	Value	Share in the category, %
Science Parks, including:	30	100
Are part of industrial clusters infrastructure (Government Decree of the Russian Federation no. 779 dated 31/07/2015)	7	23
Are located in Special Economic Zone, Territories of Advanced Social and Economic Development, Regional Development Zone, other	7	23
Residents have special benefits on the regional level	22	73

* — number of subjects for which the indicator has been calculated.

** — number of parks for which the indicator has been calculated.
